

Inverter Limited Product Warranty

AutoX (Pty) Ltd ("**AutoX**") warrants that Inverters (the "Inverter") are free of material and workmanship defects for the warranty periods as specified in Annexure 1 hereto provided the correct inverter in terms of type, capacity, normal use and service conditions is used in accordance with the specifications and instructions for the Inverter as contained in the Technical Documentation available at <https://rentech.co.za/downloads> and the Inverter is properly installed and maintained as per the conditions stipulated below.

Definitions

- I. **"Solar"** means the Inverter is used in a solar energy system with the inverter/charger's Inverter parameters set according to AutoX's data sheets, specifications and application instructions as contained in the Technical Documentation.

- II. **Reserve power/Standby power** means the Inverter is used in a back-up power system such as an UPS (Uninterrupted Power Supply), with the Inverter parameters set according to AutoX's data sheets, specifications and application instructions as contained in the Technical Documentation.

General Warranty Terms and Conditions

This warranty is further subject to the **Inverter General Warranty Terms and Conditions** available at <https://rentech.co.za/downloads>
